Pricing: per-post / monthly figures are TIER-BASED ESTIMATES from cited gambling rate cards — not creator quotes. **documented deal** = a specific sourced deal. Full citations in pricing_references.md. **Data:** counts mostly ESTIMATE/N-A (anti-bot walls); emails largely unavailable; Reddit barely indexed; **Discords not crawled (ToS)**. Nothing fabricated. **Brand-safety:** Polymarket WSJ 'fake wins' scandal (800+ creators, \$2.5M, undisclosed) — vet disclosure compliance.
