

GemBreak Creator Program

One simple backend for every creator. Pick how you want to get paid up front.

THE BACKEND — EVERY CREATOR GETS THIS

5% of your customers' spend — every month, for life. Bring one whale, earn from them forever.

It steps up as you grow: 5% → 7% (25+ customers) → 10% (100+ customers).

Whale kicker: any customer who becomes a big spender pays you 10% automatically.

\$25 for every customer who deposits \$50+ and opens a pack.

Free pack for your followers — your code works for them, too.

No upfront cost on the base deal · no minimums · paid monthly.
